Our food options are:

Start with ease by choosing from our preferred catering partners—offering everything from artfully crafted charcuterie and crudité boards to full meals featuring Hawaiian, Mexican, Italian, and American cuisine. Each menu is fully customizable to match your tastes and budget, making your onboard dining experience effortless and delicious.

If you prefer to bring your own caterer, that's welcome too! Just a couple of rules: no open flames or cooking on board (Sterno is allowed), and your catering company must list Cruise San Diego as "Additional Insured" on their liability insurance.

For self-catering, we provide two 6-foot tables for your use, but please bring all tablecloths, plates, flatware, serving ware, and anything else needed to present and serve your meal.

Our Preferred Partners - Catering
